## Changes in Town & Country Dental Studios' Remarkable Employee Roster

For over 42 years, Town & Country Dental Studios has been hiring--and continuously employing--some of the most dedicated technicians in the dental industry. Employment statistics for this unique laboratory are quite impressive: over 50% of the staff has been with the company for more than 5 years and 25% for more than 10.

"We have always placed a very high value on our staff members, and it has been repaid in their attitude, their tenure and in the quality of their work" said Barry Lampert, CDT, the owner and president of Town & Country.

Today Town & Country is proud to announce the addition of three new employees to their remarkable roster, including **Ray Pastorini**, who brings over 20 years of dental experience in implants and crown & bridge to T&C. **Yajahira Beltran** has recently joined as a key technician in the composite department. And **Jerry Foster**, a 15-year marketing veteran has taken on the newly created position of Director of Sales and Marketing.

Town & Country also announced today that, after 21 years of dedicated service, **Garland "Pat" Patrick** has left the laboratory. All his coworkers at Town & Country wish him well.

Town & Country Dental Studios is recognized as a leading full-service lab in the Northeastern United States. Established in 1962, Town & Country prides itself on delivering consistent, high-quality restorations, outstanding customer service and innovative treatment planning solutions.

As always, if you have any questions or comments, please feel free to contact your favorite Town & Country staff member including Barry, Steve or Dave Lampert, John Ackley, Margaret Grenda or Eric Wells. You can call them at 1-800-925-8696, visit online at [www.TownAndCountryDentalStudios.com](http://www.TownAndCountryDentalStudios.com) or send e-mail to [CustServ@tncdental.com](mailto:CustServ@tncdental.com).
